

# Visioncircles

July 22-23-24, 2011 (Fri-Sat-Sun)

9am-6pm each day

Prerequisite: BG101

Qualifies as part of the Brain Gym® Instructor/Consultant Licensure Curriculum • 2.4 CEUs Available

Location: Center Edge office

4915 E. Pinchot Avenue, Phoenix AZ 85018

**Visioncircles** is a joyful exploration of eight developmental spheres of our innate perceptual intelligences. These natural gifts are present at birth, but may be suppressed (or less used) in response to outer-directed, competitive or goal-oriented environments.

The perceptual intelligences addressed are:

The Observer  
The Builder

The Animator  
The Internalizer

The Resonator  
The Communicator

The Nurturer  
The Synergist

When these perceptual intelligences are developed and integrated, our natural, innate abilities become more available, enhancing focus, memory, listening, spatial sense, organization, inner calm and personal ease, artistic enjoyment and creativity.

In this course you will:

- experience the developmental elements of each of the spheres through movement, play and artistic exploration
- learn information on each developmental sphere
- practice supporting others in balancing for full development of each sphere
- learn 32 Visiongym movements to add to your learning menu
- come away with tools for balancing clients and students, friends, family and self, when goals are blocked by lack of development of any of these spheres

This class is excellent for educators, parents, occupational therapists, anyone seeking to increase their perceptual skills or anyone with learning challenges.
